

## Member Profile | SolarShare

---

SolarShare is Canada's largest renewable energy co-op. We own and operate commercial-scale solar systems throughout Ontario. Once the systems are completed and generating revenue, we refinance them with community investment—Solar Bonds—from Ontarians like you. Investors in Solar Bonds are also members of the co-operative who are eligible to vote at our Annual General Meeting and may run to serve on the Board of Directors.

Our co-op membership consists of over 1,600 individuals and organizations who have invested almost \$40 million. By purchasing Solar Bonds, you're investing in solar systems that have already been built and are generating revenue. Solar Bonds allow us to take our renewable energy future into our own hands. Together, we're changing how energy works in Ontario.

Our upcoming offering will be for 5-year (principal repaid upon maturity), 4% fixed interest per year Solar Bonds (RRSP and TFSA eligible).

Everything you might want to know about SolarShare is available on our website, [solarbonds.ca](http://solarbonds.ca) or feel free to call us at 1.866.560.9463.
